Eugene Kozakov,

Front end Developer

I am full-stack developer, Looking for a permanent job in an IT company. The main stack of technologies that I use in project work: HTML, CSS, JavaScript, TypeScript, React, Next.js, Redux, Node.js, Express.js, and MongoDB. I am passionate about creating responsive and user-friendly web applications that deliver exceptional user experiences. I will be happy to become part of the IT team and contribute to the development of projects.
